

Mandatory Disclosure

Certified Health IT Costs Information

This document provides a description of the certification criteria that HealUS EHR certifies to and any additional costs or fees that a user may be required to incur to employ or use capabilities within the ambit of certified criteria, in conformity with the mandatory disclosures set forth in 45 CFR 170.523(k)(1).

Note: All certification criteria for which no additional fee is specified, are included in the standard EHR software licensing package and are covered by the standard software maintenance fees.

Certification Criteria

§170.315(a)(1): Computerized Provider Order Entry (CPOE) - Medications

Additional Fees:

None

§170.315(a)(2): Computerized Provider Order Entry (CPOE) – Laboratory Only

Additional Fees:

The standard EHR licensing package includes this capability at no additional cost. However, if the practice opts for an HL7 interface to transmit laboratory orders, there may be associated costs with implementing and maintaining the interface.

§170.315(a)(3): Computerized Provider Order Entry (CPOE) – Diagnostic Imaging Only

Additional Fees:

The standard EHR licensing package includes this capability at no additional cost. However, if the practice opts for an HL7 interface to transmit diagnostic imaging orders, there may be associated costs with implementing and maintaining the interface.

§170.315(a)(4): Drug-drug, drug-allergy interaction checks for CPOE

Additional Fees:

None

§170.315(a)(5): Demographics

Additional Fees:

None

§170.315(a)(14): Implantable Device List

Additional Fees:

None

§170.315(b)(1): Transitions of Care

Additional Fees:

HealUs EHR has integrated with EMR Direct (Interoperability Engine 2023) to enable Direct Messaging.

This may require an additional one-time setup cost as well as a recurring cost.

§170.315(b)(2): Clinical Information Reconciliation and Incorporation

Additional Fees:

None

§170.315(b)(3): ePrescribing

Additional Fees:

HealUs EHR has integrated with DrFirst (Rcopia) to implement ePrescribing.

This may require an additional one-time setup cost as well as a recurring cost.

§170.315(b)(10): Electronic Health Information Export

Additional Fees:

None

§170.315(b)(11): Decision Support Interventions

Additional Fees:

None

§170.315(c)(1): Clinical Quality Measures - Record and Export

Additional Fees:

None

§170.315(c)(2): Clinical quality measures - import and calculate

Additional Fees:

None

§170.315(c)(3): Clinical quality measures - report

Additional Fees:

None

§170.315(d)(1): Authentication, Access Control, Authorization

Additional Fees:

None

§170.315(d)(2): Auditable Events and Tamper-Resistance

Additional Fees:

None

§170.315(d)(3): Audit Report(s)

Additional Fees:

None

§170.315(d)(4): Amendments

Additional Fees:

None

§170.315(d)(5): Automatic Access Time-out

Additional Fees:

None

§170.315(d)(6): Emergency Access

Additional Fees:

None

§170.315(d)(7): End-User Device Encryption

Additional Fees:

None

§170.315(d)(8): Integrity

Additional Fees:

None

§170.315(d)(9): Trusted Connection

Additional Fees:

None

§170.315(d)(12): Encrypt Authentication Credentials

Additional Fees:

None

§170.315(d)(13): Multi-Factor Authentication

Additional Fees:

None

§170.315(e)(1): View, download, and transmit to 3rd party

Additional Fees:

HealUs EHR has integrated with EMR Direct (Interoperability Engine 2023) to enable Direct Messaging.

This may require an additional one-time setup cost as well as a recurring cost.

§170.315(e)(3): Patient health information capture

Additional Fees:

None

§170.315(f)(1): Transmission to Immunization Registries

Additional Fees:

External interfaces may involve both an initial setup fee and ongoing recurring costs.

§170.315(f)(2): Transmission to public health agencies — syndromic surveillance

Additional Fees:

External interfaces may involve both an initial setup fee and ongoing recurring costs.

§170.315(g)(2): Automated measure calculation

Additional Fees:

None

§170.315(g)(3): Safety-Enhanced Design

Additional Fees:

None

§170.315(g)(4): Quality Management System

Additional Fees:

None

§170.315(g)(5): Accessibility-Centered Design

Additional Fees:

None

§170.315(g)(6): Consolidated CDA Creation Performance

Additional Fees:

None

§170.315(g)(7): Application Access - Patient Selection

Additional Fees:

None

§170.315(g)(9): Application Access - All Data Request

Additional Fees:

None

§170.315(g)(10): Standardized API for Patient and Population Services

Additional Fees:

Access to USCDI v1 data classes is free for patient-facing apps via HealUs EHR's FHIR APIs.

However, for clinician-centered and backend applications, it is essential to establish business agreements with the practice site before initiating registration with HealUs EHR. Additional charges may be incurred for these integrations. For more information, please reach out to HealUs EHR support.

§170.315(h)(1): Direct Project

Additional Fees:

HealUs EHR has integrated with EMR Direct (Interoperability Engine 2023) to enable Direct Messaging.

This may require an additional one-time setup cost as well as a recurring cost.
